FOREIGN TOYS ARRIVE.

Consignment Reaches Newport News on Dutch Steamship. Newport News, Va., Nov. 11.—American children will not be without foreign-made Christmas toys. A large consignment arrived here today on the Dutch steamship Westerdijk, from Rotterdam. The boxes were marked "American property." Capt. DeJong took this precaution

to protect the goods from possible confiscation. British war vessels stopped the liner in the English Channel and forced her to proceed to Southampton, where 800 pounds of copper was removed as contraband.

FOOD FOR STARVING BURNED.

Forty Carloads Sent to Antwerp Completely Destroyed. By LUDWIG VON KLEIN. The Hague, Nov. 11.—Forty carloads of provisions sent to Antwerp to relieve the sufferings of the people of that city caught fire at the Antwerp railway station on Tuesday and were completely destroyed, according to reports received here today. This will seriously cripple the committee having the relief work in charge. The distress in Antwerp is said to be acute. From 8 o'clock in the morning until 2 a. m. the next day the depots of the American committee are besieged by starving multitudes.

SUES ARCADE COMPANY.

Meyer Davis Asks \$50,000, Alleging Breach of Contract. Breach of contract, in that the defendants refused to permit him the use of the Arcade dance hall, is alleged in a suit for \$50,000 filed in the District Supreme Court by Meyer Davis against Emilie Berliner and Joseph Sanders. Davis said that the defendants agreed to lease to him the hall of the Arcade for a term of three years, with the privilege of renewal for the same period. He claimed he paid the rent for the first month—June, 1914. He lost the \$50 he paid, he said, and was refused the lease. Davis complained that he lost large sums of money because of the breach of the defendants. He intended to use the hall as a dancing academy, he said. Charles W. Darr and Julius I. Peyer represent Davis.

Promises New Telephone Era.

A new improvement to the telephone which will clarify the sound of the voice and enable a person to be understood distinctly from New York to California, is promised to the world by Dr. Giuseppe Musso, Italian electrical wizard, who is in this city to demonstrate his telephone improvements to government officials. Dr. Musso explains that his invention will prevent outside factors from absorbing the sound waves.

Colombian business conditions are reported improving.

SUFFRAGE FORCES FACE TWO FIGHTS

Effort to Be Made to Oust Dr. Shaw from Presidency at Nashville Convention.

OPPOSED IN THE WEST

Support of Shafroth or Bristow-Mondell Amendment Also to Be Decided.

Nashville, Nov. 11.—Two big fights in the National American Woman Suffrage Association loomed up today as delegates began gathering here for the forty-sixth annual convention.

One is the determination of the delegates from many Western and Central States to oust Dr. Anna Howard Shaw from the presidency, which she has held for ten years.

The other is the question of whether the association shall support the Shafroth amendment to the Federal Constitution or the Bristow-Mondell amendment. The Illinois delegation, headed by Mrs. Grace Wilbur Trout, president of the Illinois Equal Suffrage Association, may be the deciding factor in both struggles.

All the members are pledged to support a candidate against Dr. Shaw, and they will all work and vote for the Shafroth amendment.

May Nominate Mrs. Trout. Some of the Illinois women may nominate Mrs. Trout for Dr. Shaw's place, although Mrs. Trout declared today she would not, under any circumstances accept the nomination. They hope they can change her decision, however. In case they fail, Miss Anne Martin, of Nevada, may be put in the field, and should that situation develop a deadlock, Mrs. Desha Breckinridge, of Kentucky, is likely to be put forward as a compromise candidate.

Supporters of the Shafroth amendment are depending for success largely upon the attitude of the women of the South. They are said to be strongly against submitting the question of their right to vote to the negroes, as the Bristow-Mondell proposal would entail.

Dr. Shaw and the Eastern contingent favor the Shafroth amendment, but the Westerners say it will take as much work at Washington to get that through Congress, as it will the Bristow-Mondell plan, and that when it is passed they have nothing but the right to appeal to the whole mass of the voters. They figure they can swing the legislatures to ratify the Bristow-Mondell amendment more easily than they can educate the whole people.

Both Propositions Approved.

At an informal conference this morning, supposed to be a meeting of the executive council, but attended by less than a score of delegates and dominated by Dr. Shaw's followers, both propositions were approved. The executive council took the propositions up again tonight, but formulated no recommendations to the whole association.

Among the prominent suffragists already here are Rosalie Jones, the hiker; Miss M. Carey Thomas, president of Bryn Mawr College; Mrs. Ernest Thompson-Sawyer, Connecticut; Miss Alice Stone Blackwell, editor of the Women's Journal, the official organ of the National Association; Mrs. Raymond Brown, president of the New York State Association, and Mrs. Glendower Evans, of Boston, interested in labor reforms.

This afternoon the delegates were entertained by an automobile trip to "The Hermitage," former home of President Andrew Jackson, where an old-fashioned Southern barbecue dinner was served.

The first formal sessions of the convention will be held tomorrow.

CASCARETS FOR YOUR BOWELS IF HEADACHY, SICK

Tonight! Clean Your Bowels and End Headaches, Colds, Sour Stomach.

Get a 10-cent box.

Put aside—just once—the Salts, Pils, Castor Oil, or Purgative Waters which merely force a passageway through the bowels, but do not thoroughly cleanse, freshen, and purify these drainage organs, and have no effect whatever upon the liver and stomach.

Keep your "insides" pure and fresh with Cascarets, which thoroughly cleanse the stomach, remove the undigested, sour food and foul gases, take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the bowels.

A Cascaret tonight will make you feel great by morning. They work while you sleep—never gripe, sicken, and cost only 10 cents a box from your druggist. Millions of men and women take a Cascaret now and then and never have Headache, Biliousness, Severe Colds, Indigestion, Sour Stomach, or Constipated Bowels. Cascarets belong in every household. Children just love to take them.—Adv.

COL. DICKINSON'S FUNERAL TODAY.

Boxer and Spanish War Hero Will Be Buried in Arlington.

The body of Col. Randolph Dickinson, of the United States Marine Corps, who died in Philadelphia Monday, will be buried in Arlington National Cemetery today with full military honors. Funeral services will be held in Philadelphia early this morning, and the body will arrive here at 1:30 o'clock. It will be escorted from Union Station to Arlington by a detachment of soldiers, marines, and sailors. Honorary pallbearers will be Rear Admirals Clark, Adams, and Cowdin, Gen. Humphries, Gen. Barnett, and Rear Admiral Osterhouse.

Col. Dickinson was born July 27, 1852, at Alexandria, Virginia, and was appointed a second lieutenant in the Marine Corps by President Grant on May 28, 1875. He was promoted to colonel April 1, 1906.

On the outbreak of the war with Spain he was in command of the marine guard of the battleship Oregon, and made the memorable trip around Cape Horn, which enabled the Oregon to reach Santiago in time to participate in the battle which resulted in the destruction of the Spanish fleet on July 3, 1898. For his gallantry in this action Col. Dickinson, then captain, was recommended for the brevet rank of major. During the Boxer rebellion in China, in the summer of 1900, Maj. Dickinson commanded the Fifth Battalion of marines, which arrived at Taku, China, August 22, 1900, and served there until October of the same year.

SINGER TOO HEAVY FOR ARMY.

Rudolph Berger Allowed to Abandon Military Career.

New York, Nov. 11.—Rudolph Berger, barytone, was one of a number of German singers for the Metropolitan Opera House who arrived today on the Italian liner Duca d'Acosta from Naples. Berger, who is six feet five inches tall and weighs 240 pounds, served three weeks in the Austrian army. He took part in long marches from 4 o'clock in the morning until dark.

He was overweight and after a while his feet refused to carry him. He was sent to the rear and allowed, finally, to abandon a military career. Berger says that he is going to become an American citizen.

Other singers aboard the Italian vessel included Johannes Semback, new German tenor, who says that excellent opera is still being given in Berlin despite the war; Margaret Ober, soprano; Otto Goritz, German buffo, who brought his family with him; Hermann Weil, barytone, who was supposed to be at the front; and Karl Braun, basso.

The ship was held up at Gibraltar by an English warship, but every singer produced a special permit O.K'd by an ambassador and no one was detained.

GERMAN WARSHIPS CAPTURED.

Gunboats, Destroyer and Transport Taken by Allies.

London, Nov. 11.—An exchange telegraph dispatch from Peking says that the allies have captured at Tsingtau two German gunboats, one destroyer, and five transports. They are raising the sunken Austrian cruiser by means of a floating dock. It is declared this task will be easy of accomplishment. German noncombatants have been taken off the island of Yap, which was recently seized by the Japanese, and are being transferred to the American consul at Nagasaki.

Tokyo, Nov. 11.—The Japanese torpedo boat No. 33 was destroyed while sweeping for mines at the entrance to Kiao-chow Bay. She struck a mine but most of her crew was saved. Six men were killed or wounded and three are missing. Other torpedo boats made an attempt to tow No. 33 into shallow water but failed.

More than 500,000 people took part today in a great celebration throughout the empire of the occupation of Kiao-chow by Japanese and British troops yesterday. Addresses were delivered here by diplomatic representatives of the allied powers.
